REST API – TRELLO BOARD

To-Do

Add a card...

Doing

Populate the database with fake accounts and announcements

Add a card...

Done

- Add JsonDoc to REST API
- Add missing comments for Javadoc
- Added missing MOCK and IT tests
- Problems with deleting users when user has announcements, reported posts, messages with conversation. I received SQL nested exception - constraint violation error
- Add Message and Conversation entity, service and controller
- Refactor Announcement entity and controller to add 'ENABLED' field. Do tests.
- When PUT the announcement with a pet without pet id throw exception
- Add Pet gender: UNKNOWN
- Check all comments, add missing, improve existing
- Add new functionality to test with unit test
- Add a card...

WEB MVC CLIENT APP – TRELLO BOARD

WEB APP | GRADED UNIT PROJECT Free | Team Visible | Show Menu

To-Do ... Add a card...

Doing ... Add a card...

Done ...

- Test login, logout, reset, confirm etc. pages with different authentications (1 comment)
- Add missing comments for Javadoc
- Fixed bug when admin couldn't generate Excel/PDF report if pet gender and/or breed is null
- Found Bugs (26/05) (4/4)
- Refactor name from REPORT to POST
- Inspect head titles for view page files.
- Found Bugs (25/05) (6/6)
- Restrict input for forms (2 comments)
- When Member has no notifications or messages then disable the link to view

Add a card...

A screenshot of a Trello board titled "WEB APP". The board has three columns: "To-Do", "Doing", and "Done". The "To-Do" and "Doing" columns each have a placeholder "Add a card...". The "Done" column contains several cards with the following descriptions:

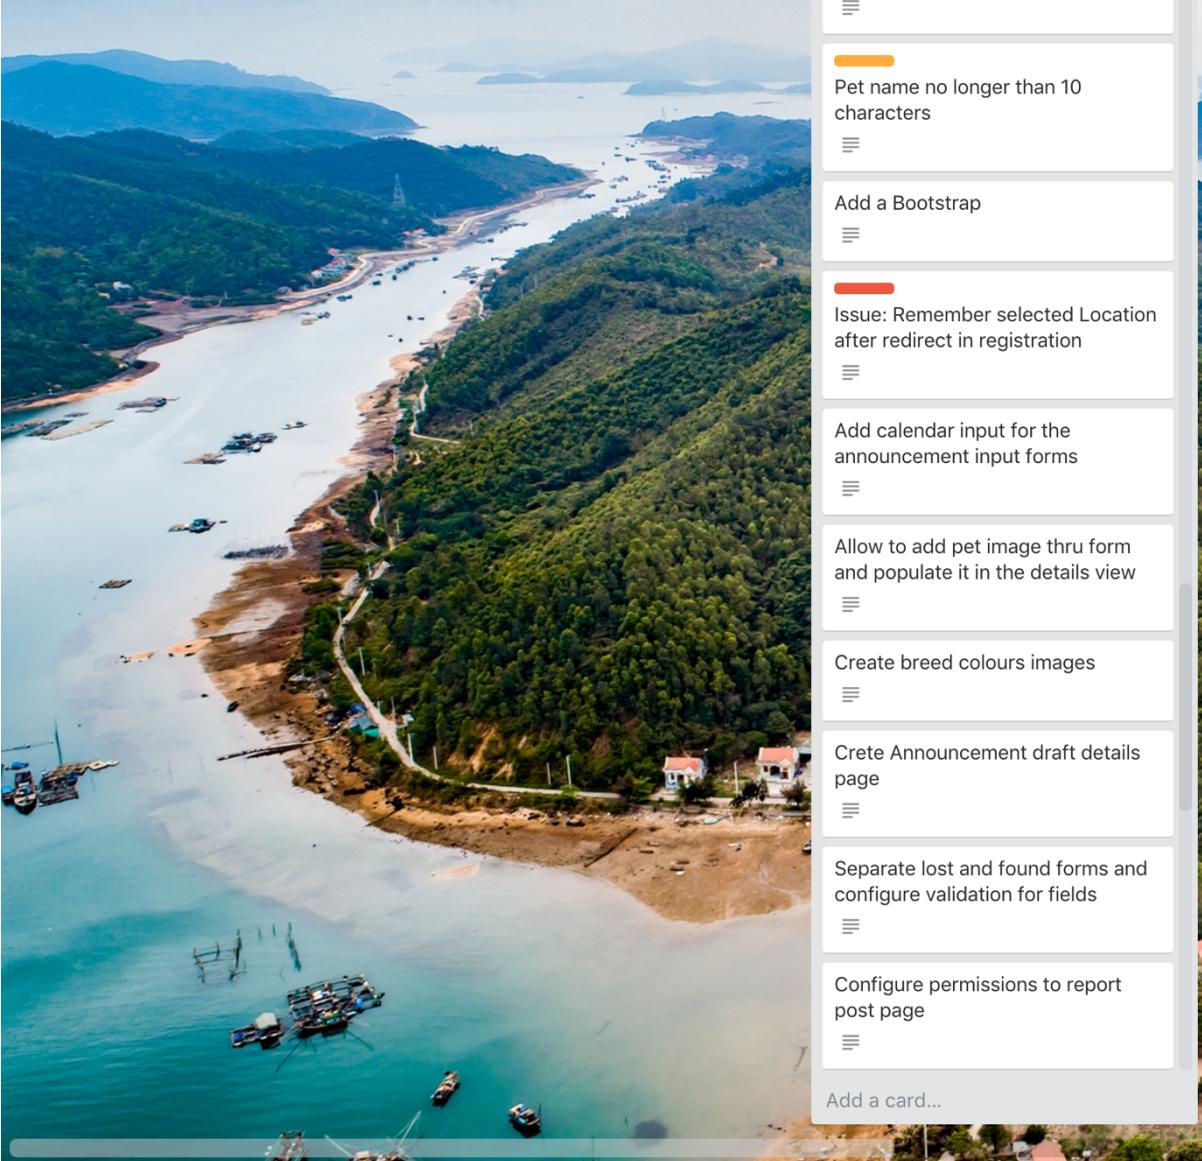

- Calendar accepts only past dates
- In post lost/found add "Chose a Date" in date input field
- After delete announcement by admin in view/details -> display message
- Add Enabled/Disabled column in members' dashboard
- Refactor UI for members dashboard notification and messages
- Adding missing functionality to Pet Details page 7/7
- Add email information about logged user on the nav bar
- Generate PDF reports
- Generate Excel XLS reports

At the bottom of the "Done" column, there is a placeholder "Add a card...".

A Trello board titled "WEB APP" showing a project for a "GRADED UNIT PROJECT". The board has three columns: "To-Do", "Doing", and "Done". The "To-Do" and "Doing" columns each have a placeholder "Add a card...". The "Done" column contains several completed tasks, each with a red progress bar at the top:

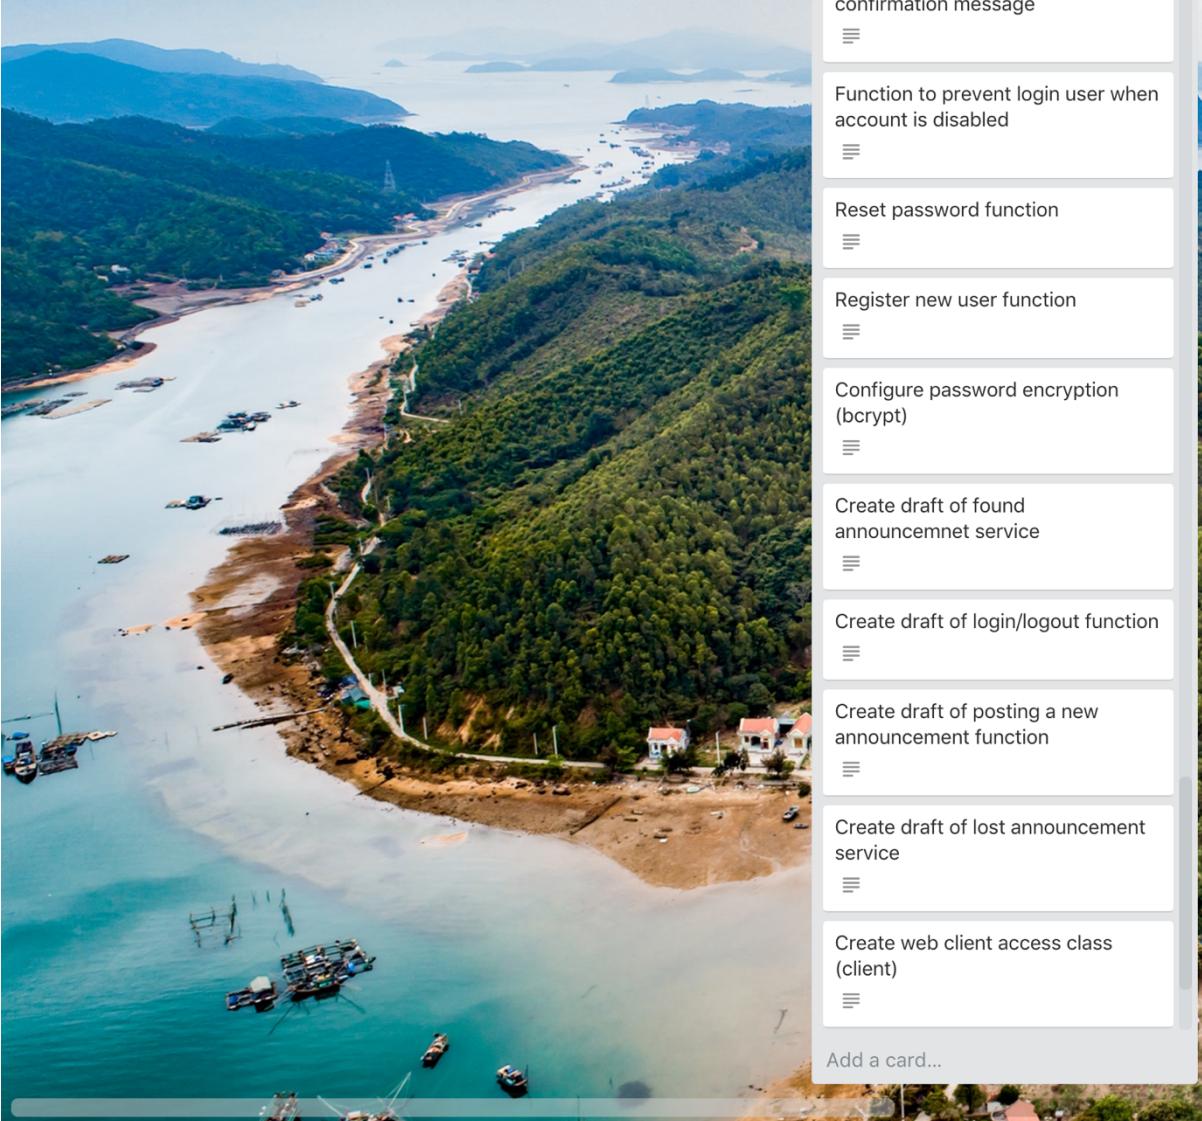

- Message system between members functionality
- Fix setting new password for new account function
- User can read notification about lost/found pet in the area where lives
- Add 'ENABLED' function for lost and found pet announcements
- Administrator can delete user announcements
- List of all users with function to delete the account, view posts and delete its posts
- Registration form for a new Administrator
- User account page
- Account list lost/found - when null or empty display text in row

At the bottom of the "Done" column, there is a placeholder "Add a card...".

A screenshot of a Trello board titled "WEB APP". The board has three columns: "To-Do", "Doing", and "Done". The "To-Do" and "Doing" columns each have a placeholder "Add a card...". The "Done" column contains eight cards with the following descriptions:

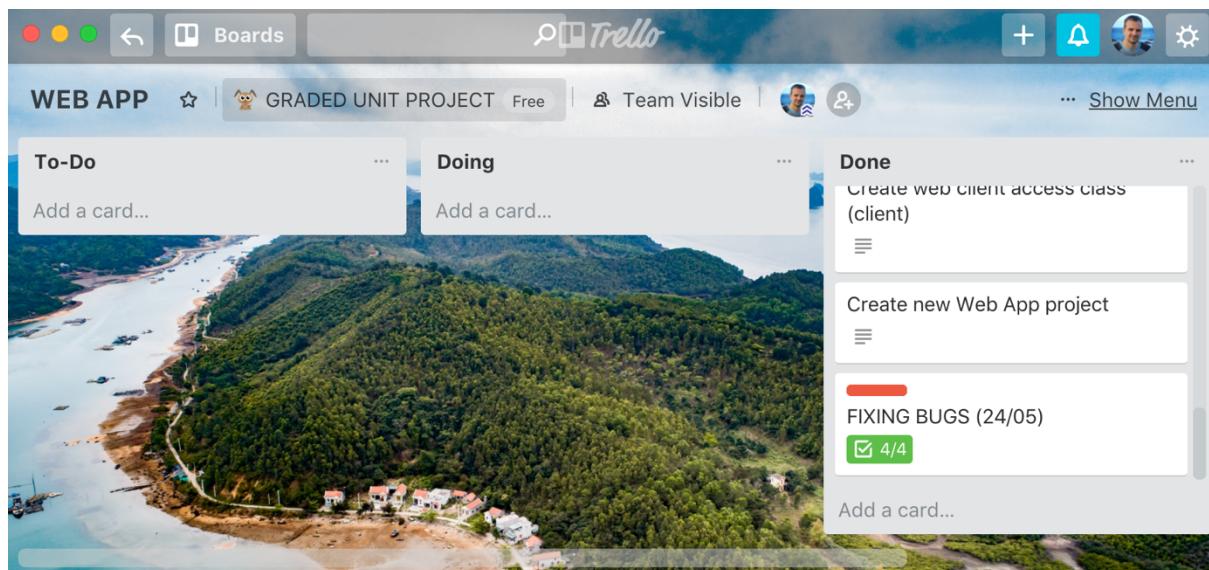

- Pet name no longer than 10 characters
- Add a Bootstrap
- Issue: Remember selected Location after redirect in registration
- Add calendar input for the announcement input forms
- Allow to add pet image thru form and populate it in the details view
- Create breed colours images
- Create Announcement draft details page
- Separate lost and found forms and configure validation for fields
- Configure permissions to report post page

At the bottom of the "Done" column, there is a placeholder "Add a card...".

A screenshot of a Trello board titled "WEB APP". The board has three columns: "To-Do", "Doing", and "Done". The "To-Do" and "Doing" columns each have a placeholder "Add a card...". The "Done" column contains eight cards with the following descriptions:

- All account functions: after success redirect to home page and display a confirmation message
- Function to prevent login user when account is disabled
- Reset password function
- Register new user function
- Configure password encryption (bcrypt)
- Create draft of found announcement service
- Create draft of login/logout function
- Create draft of posting a new announcement function
- Create draft of lost announcement service
- Create web client access class (client)

At the bottom of the "Done" column, there is a placeholder "Add a card...".

DOCUMENTATION – TRELLO BOARD

The Trello board has the following structure:

- To-Do:** Add a card...
- Doing:** Add a card...
- Done:**

- Evaluation Report
- Validation Control Forms Documentation
- Test Documentation
- Use Manual
- Documenting Event-handling forms
- REST API Documentation of all HTTP methods
- State Diagram
- Sequence/Communication diagram
- General Requirements
 - Due 19 Mar (1 comment)
- Detailed Requirements Specification
 - Due 19 Mar (1 comment)
- Screen layouts/Form Layouts
 - Due 19 Mar (1 comment)

Add a card...

Done Items (Listed from Top to Bottom):

- Evaluation Report
- Validation Control Forms Documentation
- Test Documentation
- Use Manual
- Documenting Event-handling forms
- REST API Documentation of all HTTP methods
- State Diagram
- Sequence/Communication diagram
- General Requirements
- Detailed Requirements Specification
- Screen layouts/Form Layouts

Photograph Description: The photograph shows four metal shelving units filled with black three-ring binders. Each binder has a white label with a number and a short title. The shelves are organized into four distinct sections, likely corresponding to the four rows of binders visible.

Shelf	Binders (Approximate Count)	Content (Title Examples)
Top	10	219, 218, 217, 216, 215, 214, 214, 214, 213, 212, 211
Middle	10	231, 231, 231, 231, 231, 231, 230, 228, 228, 227, 225, 225, 225
Bottom	10	243, 243, 244, 243, 243, 242, 241, 240, 239, 238, 237, 237, 237
Bottom Row	10	269, 261, 259, 258, 255, 246, 250, 254, 253, 253, 253, 253, 251, 250, 249, 248, 248

Questions and Responses

Add a card...

A screenshot of a Trello board titled "DOCUMENTATION". The board has three columns: "To-Do", "Doing", and "Done". The "To-Do" and "Doing" columns each have a placeholder "Add a card...". The "Done" column contains several cards with purple headers:

- Questions and Responses
- Functional and Non Functional Requirements
- Development Approches
- Project Brief
- 5. Development Platforms (Java)

Below the "Done" column is a large image of a shelf holding several black binders, each labeled with a number from 211 to 219. The labels on the binders include:

- 219: Dokumentation Projektvorstellung
- 218: Skriptentwurf am Kunden
- 217: Passwort-Generierung für den Team
- 216: Arbeitsteilung Implementierung
- 215: Business Bereichsprojekt
- 214: Anleitung Implementierung Aktion
- 214: Anleitung Implementierung Prinzipien
- 214: Anforderungen Prinzipien
- 213: Theorie und Praktik
- 212: Nutzen der Theorie
- 211: Entwicklung Benutzeroberfläche für die Präsentation (UI/UX)
- 211: Entwicklung Benutzeroberfläche für die Präsentation (UI/UX)

The "Done" column also has a placeholder "Add a card..." at the bottom.
